Submission: Objection

Comments: The shop front that has illegally been installed is entirely inappropriate to the location and damages the streetscape in this part of the town centre. Sandwiched between traditional shopfronts with indented doors the red aluminium flat glass façade and proposed illuminated sign are not appropriate or in keeping with the neighbourhood. Nor does this style suit the towns ambitions as a charming visitor destination for which a design code is likely to be included in the updating of the Local Plan in due course. The retrospective planning application should be refused and the original shop front shape and style restored.
