Submission: Objection

Comments: We live opposite and a few metres down from the site of the planning application, we feel that the barrier and signage are an eyesore and out of keeping with the character of the area. This is a conservation corridor in a village, the barrier and signage is more suited to a town centre. We do not support the application and would like the barrier and signage removed. If it is felt necessary to have parking signage in situ then it should be designed to be more suitable for its location.
