Subject: Planning Application HPK/2024/0501
Date: 10 January 2025 12:15:02

Dear Sir/ Madam,

I have not been able to visit Buxton Town Hall to view the documents associated with this application due to adverse weather conditions (heavy snow & ice)

Also this application was sent just before Christmas so it has been overshadowed by the long bank holiday period when many people are otherwise preoccupied & therefore unable to comment.

The Brooks family have repeatedly ignored planning restrictions ever since they purchased this site, they & their visitors frequently park on the very narrow, single track Linglongs Road, causing an obstruction & potential damage to passing vehicles & boundary walls (Overhanging Branches).

Farm traffic struggles to pass (tractors, milk tanker, HGV animal feed deliveries etc) also huge Forestry timber transport vehicles.

In addition to this, it is difficult for Funeral Corteges to pass to & from Taxal Church.

In my opinion it would not be possible to differentiate the existing traffic to & from their site from vehicles there 'By Appointment'.

Also, the owners of this site & their visitors are in the habit of parking in the private entrance to Taxal Lodge, potentially blocking the access to the three Properties located there.

Yours Faithfully, Sheila Stubbs. Pp Keith Siddall & Adam Rogers.
