Good afternoon Heather,

As promised, I'm busy writing up and preparing the second NMA for the above site. I'm making reasonable progress.

I've just looked at the new location plan and find that whilst the red and blue line boundaries have changed, the title block remains identical to that submitted with the original RM application. To provide some 'evidence chain' I will need a revised drawing number / revision / dated plan to accompany the NMA.

Please can you speak to someone about having the title block updated and then forward a revised plan back to me please. This will allow me to make a modification to conditions 2 and 7 and replace the location plan and the highways drawings accordingly.

With best wishes

Bob
