Submission: Neither

Comments: HPK/2024/0485 48 West Road, Buxton, Derbyshire, SK17 6HG: Change of window on the existing dwelling to a UPVC (from timber)

Response: The proposed design is poor and does not reflect the profile of the existing timber windows on this property and on nearby properties on West Road where the original windows are still in place. If the Council considers that UPVC is acceptable, a better profile is required, providing a much closer match to the style and appearance, including method of opening, to the existing windows.
