

Subject: FW: HPK/2023/0110 Mycocks Yard

Hi Pet,

See update comments below.

HPK/2023/0110

No objection

Revised details have introduced a landscaping scheme to mitigate the landscape and heritage impact. This has included the introduction of a number of native trees to obscure the view of the site. Plans indicate that native trees will be planted to best suit the surrounding limestone moorlands landscape. This is considered an acceptable mitigation to soften the view from Solomons Temple, with planting which will be appropriate and sympathetic to the setting of the heritage asset. As such there are no heritage objections provided that the proposed landscape scheme complete and maintained.

Kind regards,

Rachel Robinson Conservation Officer

(She/Her)
