Submission: Objection

Comments: As many of the surrounding buildings in the conservation area have single glazed windows fronting onto green lane, including the cracken, and are unable to change change the windows due to being in the conservation area. The venue is completely unsuitable for use as a live music venue / bar as no amount of sound proofing the walls is going to prevent noise nuisance coming from live music including guitars, shouting into microphones and people bouncing up and down on the wooden floors. In addition to this the groups of drunk people standing at the smoking area on the corner adds to the noise nuisance. It is totally unacceptable in a residential area until 11pm, extending the opening hours until 1am be an absolute nightmare, especially for those of us with young families. We also now find it quite intimidating walking to squirrel green past groups of smokers who have obviously had a few drinks. The venue does seem to attract a rough crowd when they have music events on.
