Hi there,

Thanks for consulting on the above request to discharge conditions. The archaeological WSI is acceptable and the fieldwork is complete on site. I was sent a copy of the archaeological report for comment in October 2024 and suggested that some revisions were necessary, however these do not seem to have been undertaken. I therefore suggest that part a of the condition may be discharged but part b should remain in place until the report is finalised and appropriate arrangements for the archive have been made.

Regards
