

Fireplaces

PP-13705265

HPK/2025/0015 and HPK/2025/0016

Area ca. 164.92 m²

Additional Area: 0.00 m²

1. Fireplace with an open grate fire

2. Existing fireplace with a coal-effect gas fire fitted

It is proposed to remove the existing gas fire and frame fitted within the fireplace to install free standing wood burning stoves. It is expected, similarly to similar properties built in the same period, to find a firebrick back that will be cleaned, sealed and maintained.

Lintel's height won't be modified.

Wood burning stove for example purposes.
