Submission: Objection

Comments: I have concerns about this planning application. The vehicle parking situation adjacent and opposite the proposed access is already causing issues to householders..At times of day cars are backed up from the proposed entrance as effectively Buxton Road can only take one car from the "dip" to the corner of Green Lane due to numerous parked vehicles.

The sighting out of the proposed development would not be safe, given the lack of a pavement on that side of the road and the proximity of traffic.

The dip also floods regularly and requires residents or the council to free up the drains. With further tarmac rather than natural ground the risk of flooding would increase.
