New Mills

Submission: Neither

Comments: My concern is that congregating cars (and people) on a 40mph road may cause problems as getting in and out of the relatively small parking area could be dangerous. I would suggest that planners revisit the speed limit on this stretch of road as it's already a blackspot for car accidents due to its relatively high speed limit and winding nature, which encourages 'boy racers'. (30mph instead?) I would also like there to be measures in place to ensure that the front of this and the accompanying former council depot buildings area is kept free from rubbish, machinery etc. so as not to be an eyesore on what is otherwise a picturesque road enjoyed by many walkers.
