Submission: Objection

Comments: I wish to add further objections to my original objection letter of the 26 th January, Hand delivered to Glossop planning department. After looking at the proposed plans on line i am look at the boundary change behind my property at no 10 Watford Bridge Road .I have a Statutory Declaration to say i have parked my vehicle at this location without any objection from when i bought my property in 1987. It is proposed that a wooden fenced of footpath will run along this area for bins to be taken to the collection area, which will cause noise at different times of the day. I am concerned as i have said before that the building will obstruct our natural light which under the Ancient Light Law, should be reviewed. I would also like to know where the Public Footpath that runs through the proposed development to the Sett Valley Trail has gone as i cannot see where it now runs on the plan. I am also deeply concerned about the access onto High Hill Road ,i cannot understand how a increase of vehicles are going to safely negotiate the small track between the properties and onto the road, which is very busy and cars and commercial vehicles block the view up and down the road.
Stephen W Millard.
