Comments: This application does not cover the basic requirements that is laid down by the Government. Many area's do not any coverage.

Shared Rural Network (SRN) coverage obligations

On 9 March 2020 the UK Government announced that it had entered into an agreement with the four mobile network operators (MNOs)   EE Limited (EE), Hutchison 3G UK Limited (Three), Telef nica UK Limited (O2) and Vodafone Limited (Vodafone)   to grant funding for a Shared Rural Network (SRN).

Under the terms of this agreement, each of the four MNOs has committed to provide good quality data and voice coverage to 88% of the country's landmass by 30 June 2024, and 90% by 31 January 2027.

The MNOs have agreed to their 900 MHz and/or 1800 MHz licences being varied to give effect to these commitments in the form of new coverage obligations (the '2020 coverage obligations'). Each operator has also agreed to meet certain coverage thresholds in each UK nation by 30 June 2024 and 31 January 2027, and provide a certain extent of new coverage in areas where roads and premises are located
