Comments: As previously commented on this application, I object to the planning application.

If approved, there will be great impact on the residents of the houses adjacent. Construction workers coming and going during previous months already impacted in parking issues, excessive noise and traffic build up.

The parking difficulties are already an issue for the residents of this road.

I would like to know what would happen to the wildlife? What about the impact of the children in the neighbouring nursery playing in the outside area? There is going to be a massive build up of dirt/dust etc.

The views from every residents homes will be completely ruined therefore impacting on mental wellbeing. In addition, it will cause difficulties in residents wanting to sell their properties in the future.
