Submission: Support

Comments: Comments from voluntary community group, Friends of Buxton Station (FoBS) about Planning Application HPK/2025/0095 ¿ Vandalised screen wall, Buxton Station

The comments are confined to the following areas:

¿ policies and guidance ¿ taking responsibility for a Listed Building as DB Cargo (UK) have done and retaining its heritage asset value must be seen as a very positive step.

Any enhancement and protection undoubtedly satisfies local planning policies and in particular the Station Road Design Framework Local Development Framework Supplementary Planning Document SPD, Adopted July 2007.

FoBS support this planned work, which not only restores the vandalised screen wall to its former state, as described in the Historic England Listing, it aims to prevent further damage by ingress of rainfall water and vegetation by effectively capping areas where coping is absent.

¿ design and visual impact ¿ minor adaptations to the structure (relocation of electrical cable and water pipe and removal of unused lighting units and conduits) will have negligible visual impact.

¿ living conditions of local people ¿ enhanced protection of an iconic heritage asset provides a greater level of service to local people and visitors.

¿ effect on listed buildings and conservation areas ¿ the planned work will provide future protection and should be applauded and supported.

David Carlisle, on behalf of FoBS, 9 April 2025
