Submission: Objection
Comments: Sirs,

With respect, this is a residential, not business, area. There are already enough problems with residents parking, noise from spectators etc when coming and leaving. Adding late night events for the full working week will further exacerbate and annoy local residents. There are times when I or my family have had to park further away and this will only get worse. I object on all grounds from parking and access through to noise and disturbances late in to the night. I will also be objecting to the second proposal on the same grounds. There is insufficient capacity and also this is a residential area as opposed to a business orientated area. The impact of both these extensions on the area is significant and with no thought to the impact it has on the residents. I object completely to this and hold/2025/0117 - both on the same grounds, more explicitly written here.
