Submission: Objection

Comments: To extend the times to use floodlights till so late at night would certainly adversely affect many of the residents neighbouring the football ground,my wife and I included.

Using the football ground for events other than football is not acceptable.

Most certainly having events going on till 1am is totally unreasonable and unacceptable.

The parking is now far worse than when we moved here 21 years ago so granting this application will make the situation more unsafe than it already is.

The noise from the ground has been accepted over the years but the recent drumming on match days is too loud and very intrusive,so allowing this application will without doubt result in making our lives very problematic and uncomfortable..

We object strongly to this application.
