Dear Sir,

I wish to object to planning application HPR/2025/0093 by Mr Sarteep Mohanmedi. I understand it is a retrospective application, the first retrospective one was refused.

I object on the following grounds!—

• It is garish and not in keeping with the area

• We already have too many fast food signs.

• It is next to a vegetarian/ recycle/ planet friendly shop, which is very popular.

Please refuse permission again and save Higher Buxton's image!

Yours faithfully
