Submission: Objection

Comments: My family and myself need to be at work/school early in morning and therefore go to sleep before 11pm. Having events on until well after midnight would severely affect our sleep pattern and general lifestyle. Parking is a problem in our area due to the football ground already, emergency services at present are not able to access our estate when they are needed because of cars double parked all around our road, this proposal would only compound this problem. Having events on until the early hours is totally unacceptable and unreasonable with so many people living in a built up residential area.
