Comments: I would like to put forward my views regarding the proposed housing plans rear of No 74 and 76 Queens Rd.

I agree that the lane entrance leading to the houses from Queens Rd is compromised which could lead to an accident. I also agree that the field would be lovely to be made use off in some other capacity and left as a green space to enjoy whether it be allotments, a play area for children, a nature project . It was lovely to see the field from my top bedroom window especially when the horses were there although the field did look a bit worse for ware.

I believe own the long barn that borders the terraces back gardens at the back of No17-23 and a bit further down. It's a shame they cannot fix the loose roof slates that fall off periodically especially in bad winds and one has nearly landed on me as it fell onto the deck chair this year.

Stacey Browning.
