Comments: I appreciate more houses needed in UK but so many have and are being built in Glossop area without any serious consideration of infrastructure despite it being under extreme pressure. I'm talking roads in and out, lack of local school spaces, no NHS dentists, long wait times for Doctor's appointment at some surgeries.

I take it the planners and builders don't live in the area or just don't care about the impact of new properties on the local community.

Will there be any affordable housing included?

Thank you
