Submission: Objection

Comments: What a waste of a site where once stood a school that created opportunities for the people who worked and attended such a place, whereas this new development only creates opportunities for more traffic, more cars, more congestion, over prescribed services and infrastructure, and money in the pocket of the company putting these houses up rather than really nourishing the town itself.

We need a new school, a new dentists, a new doctors, new green space, new opportunities for young people, not 110 houses, 110 cars (if not more), and no investment in our infrastructure, our buses, our cycle network, our footpaths, youth centres, libraries, etc. As well as looking at all the derelict and unused or dormant properties that already exist in Glossop.
