Email: [REDACTED]

Submission: Neither

Comments: If Dolly Lane is closed for 4 weeks it will have an impact on all the residents and businesses . Residents and customers wanting to access Dolly lane from marsh lane will face long and costly diversions to access their properties and businesses . As all reports regarding wild life have been done why can't the cable be routed through the fields which would cause no disruption to residents etc on Dolly lane? No consultation has taken place with any of the businesses or residents of the upper part of Dolly lane who will also be disrupted by these plans
