Comments: We live directly opposite the proposed site, we moved here 4 years ago for more of a peaceful life but endured 3 years of building work. We have suffered enough. They lied to us. After moving in December 21, Barratts assure us the whole site would be completed by 2023, We were told that site would be a creche or community centre, never more housing.

There is already a problem with parking for the bi-weekly football matches and electrical black outs in the area, the infrastructure is not there for existing houses/facilities, never mind for new.

Barratt have commenced building work on the site, digging the ground up, delivering supplies including new bricks, they seem pretty sure this is going ahead.

It seems the council is not listening to its community.
