Subject: high peak HPK/2025/0380 Marsh Lane and Ladypit Road 33kV cable route

Categories:

OFFICIAL

NEW APPLICATION	HPK/2025/0380
APPLICANT'S NAME	C/O Agent
LOCATION	Marsh Lane and Ladypit Road Furness Vale
PROPOSED DEVELOPMENT	Construction of a 33kV cable route at Marsh Lane and Ladypit Road
GRID REFERENCE	400973.12 384010.14

Network Rail Ltd has no objection in principle to the proposal however for the avoidance of doubt the applicant should contact our asset protection team for any site specific mitigation measures if required.

How to notify Network Rail of planned Outside Party works

Network Rail Ltd are continually focussed on improving interactions with our customers, so to support this process Asset Protection have introduced a new system for submitting new enquiries and tracking existing schemes relating to outside party works / asset protection interface:

- Submit a new enquiry using the Asset Protection Customer Experience (ACE) system here: <https://www.networkrail.co.uk/wp-content/uploads/2021/11/Quick-reference-guide-Customer-Portal.pdf>
- If you prefer to use the manual process, please complete the questionnaire available at the following link and email it to this inbox (assetprotectionnorthwest@networkrail.co.uk). Please be aware that this method may result in a slower response time: <https://www.networkrail.co.uk/wp-content/uploads/2020/07/Asset-Protection-Initial-Enquiry-Questionnaire-Rev-1.2.docx>
- If internet-based systems aren't accessible to you, please call the team on 0330 857 7772. The phone line is available for voice messages 24/7 and is generally monitored between 10am and 3pm Monday to Friday. Please leave a message if they are not able to answer your call and they will get back to you as soon as they can.

Once Network Rail Ltd asset protection have received your enquiry, they aim to provide an initial response within five working days. If your query requires a more in-depth investigation, they aim to respond within 10 working days.
