Submission: Objection

Comments: I wish to object to planning application HPK/2025/0380 for the proposed construction of a 33kV cable route at Marsh Lane and Ladypit Road.

I live directly across from the substation on Ladypit Road, and I am very concerned about the impact this project will have on my family if it is approved. The works are expected to last around 5 weeks, and the proposed route will make it extremely difficult for me to reach my baby's nursery and my workplace. The alternative route adds much more than 15 minutes of travel time, which will cause serious inconvenience for daily life.

In addition, during the works, access to my home may be restricted. This is a major concern because I have a baby, and if I ever need urgent help or assistance, it could be very difficult for anyone such as emergency services, family members, or deliveries to reach my property.

The noise, traffic, and general disruption from the works would create unnecessary stress and disturbance for nearby residents. I believe this location is not suitable for such a project, given how close it is to homes and how much it will affect local families.

For these reasons, I strongly object to the approval of this application.
