Comments: Dear Sir/Madam, i live backing onto this proposed development, and have only found out today that its happening as cintractors are on site cutting down trees

how can such a development be considered without consulting the local taxpayers? a huge housing project in the middle of a woodland area, with little or no access and no knowledge by us as residents who it affects the most-this needs stopping immediately before any more damage is created to bothe the local woodlands, animals contained therein and the local residents
