Submission: Objection

Comments: I am writing to formally object to the proposed planning application for the construction of an industrial building on the site opposite the row of cottages - Whitehall Terrace. The proposed structure exceeds the height of the of the existing building and given that this is an industrial building it inevitably will bring increased noise levels. I am also worried about parking as currently spaces in front of Whitehall Terrace get used by visitors to the factory and on many occasions I have to park on the hill as there is no space near to my home. During the proposed building of an industrial unit I am sure the car park on site will be unavailable and this will get worse.

Thank you for considering my objection.
