Submission: Objection

Comments: The plans show high volume of traffic in and out of the small entrance near Marple Road which is certainly not for that purpose, with houses in the dip as well as 3 storey houses overlooking the back of the chapel and the houses in that area which is not pleasant. The original mill being developed is of course a great idea, it's the 30 odd other houses, and there 2 car minimum effect, on a tiny village like ours. The wildlife, including deers we have seen recently, will be driven out again, something we've seen fairly recently with the build at Dinting. The fact that the water runs down the hills and floods down at the bottom millpond is clearly no concern unless you actually live there, so will be strongly objecting on all the above points. Make no mistake, this isn't about affordable homes in a small rural location, it is Mellor Homes making huge profits building houses irregardless of the local people, homes or wildlife therein.
