Submission: Objection

Comments: This property is not at a location which is suitable for development. Its proximity to the traffic lights & the owners existing attitude toward parking & blocking the traffic lights , does not suggest that development will take place without blocking the traffic lights, junction & impeding emergency vehicles & public transport .

Having liaised with the police on this matter previously . I believe that planning should be limited, the owners be required to provide adequate parking within their curtilage and double yellow lines painted outside this property to ensure the free & safe flow of traffic .

Planning officers also need to be aware of the 4 house development opposite , which is no doubt going to put more pressure on parking on this busy junction .
