Submission: Objection

Comments: Lack of parking space as noted by Derbyshire County Council. Subsequent disruption to traffic flow at this very busy junction which is already difficult to navigate with parked cars especially for the number 58 bus, HGV's and farm vehicles.

Additional obstruction of the public footpath, already apparent.

Appearance of extension inconsistent with the area in that a flat roof has been proposed.

Expected major disruption to pedestrians and traffic flow from the vehicles being used by contractors as already experienced by the ongoing building works more or less opposite which has been dragging on for many many months.
