[REDACTED]

Dear Sirs,

I am writing to express my concerns regarding the proposed development above. I have many reasons for my concerns, first of all more houses/buildings in the Glossop area. We have more houses than appears to be people, dentists, schools and doctors can cater for. We really do not need any more. Secondly, Hartley's garden centre have been working hard to build their family business for many years to be given no choice but to close down due to more properties being built. This is absurd and selfish in so many ways to close down a small business! The traffic is a god damn nightmare, whether the bypass is being built or not. My last point is wildlife, different forms of wildlife are being forced into gardens and away from their natural habitat due to trees being taken down and houses being built. Glossop is a beautiful place to live but the council and developers have no consideration for residents or wildlife. I doubt my email or any other's sadly will be taken seriously but there has to be a point when a small space becomes available houses are not immediately packed in to fill the gaps! Please stop building!!! 😞

Mrs A Glanfield
(Glossop Resident)
