Comments: Further to my recent objection/ comment

I would like to know why the applicant has been allowed to extend his border without planning being involved or residents having the opportunity to object.

The plans clearly show the applicants garden extends to half way across 36 Town Lanes garden and yet 5e fence he has erected extends the full extent of 36 Town Lanes garden.

As it stands the last fence support base extends onto my land (uses stones from my wall) and if it is not removed through due process i will seek other avenues.

I have little faith that planning is acting on behalf of all residents and will be putting in an official complaint if needed.
