Subject: 19 Union Rd application reference HPK/2026/0061

Afternoon,

Reference to the above planning application.

As a resident of New Mills and seeing how much the tourism is increasing in NewMills there is a need for local accommodation for tourists visiting NewMills to stay. This would be an ideal central location in NewMills. This will support local businesses and help the local economy.

This local businesses has been trading for almost 100years and NewMills would benefit from future years trading, attracting new visitors.

I feel that Highpeak Borough Council should support local businesses and help NewMills expand.

I am in total support of this accommodation going ahead.

Yours sincerely

Tracey Jones
