Subject: 19 Union Road application reference HPK/2026/OO61

I understand a planning application has been submitted at 19 Union Road to convert the upper floors to residential / holiday let,

This is a great idea as more people in the area will contribute to supporting the local businesses/shops. We have been using

Potts bread shop for a number of years, and it would be an awful shame for New Mills to have to lose this local business. We wish this

local family who has served New Mills for the past 150+ years every success with there planning application.
