Subject: 19 Union Road. Application Ref HPK/2026/0061

I am a local resident & I am fully supportive of the change of use of the upper floors of 19 Union Road. This is a great idea as more people in the area will contribute to supporting local businesses/ shops etc.
It will enable Potts bakery who have had a business on Union Road for 96 years to continue serving the public. It would be such a loss to the town to lose this wonderful business.
