Subject: Objection to HPK/2026/0127

[REDACTED]

Dear Planning Officer,

I am writing to formally object to the application for a Certificate of Lawfulness relating to the alleged “bungalow” at Moor Edge submitted to High Peak Borough Council.

My objection is based on the following grounds:

1 No evidence of planning permission for construction

There is no evidence that planning permission was ever granted for the construction of the structure described as a bungalow. As such, its lawful status as a residential dwelling is highly questionable.

2 No evidence of residential use

To my knowledge, the building has never been used as a residential dwelling (i.e., a house). Without clear and continuous residential occupation, it cannot be considered a lawful dwelling.

3 No separate postal or registered address

There is no evidence that the structure has ever been assigned a separate address distinct from Moor Edge. This further indicates that it has not been recognised as an independent residential unit.

4 No council tax or rates history

There appears to be no evidence that council tax or business rates have ever been paid for the property as a separate dwelling.

5 No electoral register records

There is no evidence that any individual has been registered to vote at the property as a separate residence.

Given the lack of evidence demonstrating lawful construction or continuous residential use, the applicant cannot reasonably claim that the building has been used continuously as a dwelling for the required period.

For these reasons, I believe the application for a Certificate of Lawfulness should be refused. If the applicant wishes to establish the property as a dwelling, the appropriate route would be to submit a full planning application so that the proposal can be properly assessed through the planning process.

Thank you for taking my comments into consideration.

Yours faithfully,

Michael Deaville
