Submission: Objection

Comments: I object to the proposal to change the use of the building from commercial/business to residential.

There has been no attempt from what I have seen to sell the property as a commercial/ business use property.

The on site public notification of the planning application has been removed from public view therefore the planning guidelines have not been met as the public have not been able to see the notice for the required period of time.

The building is in the middle of a unique row of commercial properties which were built as shops and designed to be village centre shops. These buildings form part of the heritage of Chinley

The High Peak Local Plan exists to protect the special qualities of our communities. This row of shops on Green Lane should be kept as shops as the HP Local Plan would be contravened - on conservation grounds, on village centre vitality and on loss of local facilities and services.
