Submission: Objection

Comments: Once again, objecting to this proposal. That had already been thrown out more than once before with very good reason. We have just had 180 plus dwelling approved for Crossings Road, which is also not wanted OR NEEDED. Once again, building on Green Land. Once again will not be in keeping with local character (please see houses on former Ferodo Land, and Octavia gardens, or anything built in Chapel within last 10 years) Once again, our local population has not increased enough (not at all) to warrant such a development (as well as other ones) infrastructure in the local area at breaking point - struggling to get an appointment at local G.P. Parents struggling to get into local schools, more congestion and pollution with more cars on the road. Hopefully the planning office see sense and throw this out again. And maybe they would see fit to do the same with other developments that don't serve the local area. Chapel and other areas in the High Peak have had more than their fairshare of unneeded development, without any additonal infrastructure to support for long enough, losing vital green land and agricultural land to developers, local wildlife and their habitats destroyed. This needs fo stop.
