Comments: This would be an excellent facility for our community. It is well out of the way and noise wouldn't be an issue due to the current noise from the trainline that it backs on to. There is only one court which can hold only 4 players, so likely there would only be one car per booking. When these premises were previously used as a working garage there were a far larger and frequent amount of cars accessing the land, which never caused any problems. Health and fitness should be a priority for the community with the current obesity and mental health crisis. This project could do a lot of good and should go ahead.
