Good afternoon,

Firstly, I would like to express my apologies of only just sending this correspondence to you. I have recently returned to my employment after being on Maternity Leave for the last 9 months and have only just found out about the proposed planning of the Paddle Board courts with the above reference number. I am hoping that I am not too late to have our views taken into consideration, especially given the nature of our business.

I am the Registered Manager of a therapeutic children's home under the building name of The Meadows on Beech Lane, Dove Holes. [REDACTED]

With the above information that we shared, we would strongly object to the planned proposal due to several concerns. These include:

- The level of human and vehicle traffic that we would have on our quiet country lane. The risk of strangers coming onto our property looking for the courts would put our young people at risk AND could potentially trigger traumas from their past as well as in the here and now.
- The proposed times that the courts want to open and close. These courts would be at the back of our property and with the opening times of either being 6am or 8am and closing times of 10pm, it's a lot of noise pollution that would certainly cause a large amount of disruption to our young people and their routine, especially at vulnerable times (when they are safe and settled in their beds). Not to mention that sound of the noise, for example a hard ball being hit at force by a paddle board [REDACTED]

I hope these points can be taken into consideration.

Kind Regards

Rachel Wain

Registered Manager
Country Care Children's Home Ltd (The Meadows)
