Comments: We confirm that we are happy to support this application. We are aware that the approach, which is directly opposite our apartment will be landscaped, which will greatly improve the appearance of this area, whilst complimenting the original landscape to Corbar Hill House. Having seen the planned new house we are happy with the design and eco credentials of the property and the proposed landscaping surrounding it. We are satisfied that the proposed property and landscaping changes will not affect our own property or those of others who reside in Corbar Hill House. Therefore we are happy to support the said planning application.
