Submission: Objection

Comments: This is an addition to my original objection on 6 June and is to expand on the danger of the entrance/exit of this site and how dangerous it will be. Because of the deadline of 9th I feel I must submit this and not to let everything take its course.

In respect of the letter from the officer at Derbyshire County Council dated 10th June they stated they had done a full assessment of the planning application had it would have no material impact on the public Highway.

I was going to request a freedom of information for full details but these take so long so instead I spoke to the officer concerned.

The officer did the assessment based on maps and has not visited the site therefore will be unaware of this hidden access.

Also they were requested to review the stables not the access. The officer has written to you to clarify exactly what you want but has not yet had a reply from you. Again apologises for forcing this but we are very near the date.

Also there must be other people who think there is a danger. There has been a unsightly yellow banner attached to a gate on the same stretch of road warning of horses. I reported this to HP on 9th June (ref MPSMNQLM), The banner was still there today. .
