Submission: Objection

Comments: There are not enough parking spaces, I said that the cars will be pushed into the surrounding roads at the consultation the answer was I would have to deal with it . there are far to many residential propertys to state that half of the homes would not have a car is is utter nonsense I live on a cul-de-sac and when people park here on busy days some times emergency vehicles cannot get down. this development is becoming an overcrowded rental estate I hear that the homes will not be sold to private buyers. This badly thought out development will destroy the character of buxton. It started out with less than 200 homes now it is well over 300 the people of buxton are being ignored, it is all about profit. I thought this was homes for local people.
