Site Address:- Spring shopping centre and land south of Station rd, Buxton, Derbyshire.

Submission:- SUPPORT

Comments:-

What an exciting opportunity to give the town a much needed boost which is long overdue.

I notice over 75% of the objections follow a pattern of similar subjects in a similar order using similar wording and phrases, suggesting a single online co-ordinated attempt to wrongly portray that they represent the silent majority of Buxton townsfolk.

This project uses what is probably the ugliest vista in central Buxton and produces something which will inject people and activity into the town centre.
