Comments: The latest planning application (HPK/2026/0288) does nothing to mitigate the fact that we find the elevated position of the platform intrusive and an unacceptable loss of privacy. The height of the platform has not been reduced in any way and even with a small reduction in area we feel it is far too big for a sloping hillside and we have no privacy at all in our back garden. Therefore we feel this proposed plan should not be permitted.
