Subject: Flood risk activity exemption successfully registered

Follow Up Flag: Follow up
Flag Status: Flagged

We've registered your flood risk activity exemption

Your reference is EXFRA017663

Exemption registered

Outfall pipes less than 300mm diameter through a headwall
FRA12

at grid reference SK 03081 93465.

Before you start work

Check you can meet the exemption conditions

You should re-check you can meet the description and conditions of your exemption in the flood risk exemptions guidance:

<https://www.gov.uk/government/publications/environmental-permitting-regulations-exempt-flood-risk-activities>

Other things to check

You should check if there are protected species in the area. If there are, you must make sure your activity doesn't harm them. You may also need planning permission and to get the landowner's permission to enter the land.

Date of registration

04 August 2026 17:30

Exemptions don't expire except for dredging FRA23 which expires 3 years after the registration date and dredging FRA24 which expires 1 year after the registration date.

Responsible for activity (the 'operator')

DS & Co Development, ALEXANDER HOUSE, 61, RODNEY STREET, LIVERPOOL, L1 9ER

Who we will contact

Domenico Avagnano, Civil Engineer

Tel: 07582788317

d.avagnano@dgc-engineering.co.uk

Responsibilities of the operator

The organisation or individual responsible must keep to the description and conditions for the exemption. We can prosecute them if they don't do this.

If your activity changes

If the location changes, you will need to register a new exemption.

If the activity or the way you are doing the work changes, you will need to check if it is still exempt. If it is not, you will have to apply for a permit:

<https://www.gov.uk/guidance/flood-risk-activities-environmental-permits>
